

Come on in....we have been waiting for you.

Welcome to our 2020 membership meeting

We want to start today, Veterans Day, by honoring those who have served our country and their families for sharing in that sacrifice. We should also want to acknowledge the City of Tualatin for the consensus they are building with many citizen volunteers to build a fitting memorial to Veterans.

- It has been a challenging year. Through out this presentation we will share photos from around Tualatin that will serve as a reminder of 2020—the pandemic year.
- Still the Historical Society has been busy. We are very proud of our organization and want to take just a few moments to brag about you and the great things that have been happening since our last meeting 10 "*years*" ago....in 2019.

Covid19 in Tualatin and at the Historical Society

- Just a few examples of things THS did at a safe social distance:
 - Challenged school age kids via social media to keep a log including photos and videos of their experiences for placement into our public archives.
 - Walking map posted on Next Door and sent access information to members

- Women's Suffrage video link sent to members in lieu of program we cancelled on same subject.
- Rolled out survey to members to harvest information about local vets. That info is currently in our online archives
- Continued collecting oral histories.
- Tried to capture stories that reflect the zeitgeist of this pandemic
